

FU SI NE

Tables available in three different sizes, which can be combined or used individually. Their minimal form and the wide range of finishes selected means they easily fit into any space or room. They have steel tops and a tubular steel structure D 10mm. They are delivered with the top removed from the structure.

FINISHES:

Lacquered Opaque epoxy (this makes it possible to use them even outside)

- standard colours RAL 9003 RAL 9005 RAL 7001
- with a surcharge for any RAL colour on the colour chart

Metal Effects

- transparent painted steel structure; top finish in bronze, natural copper and green copper effect, as in the photo
- Both the structure and top finishes are in bronze, natural copper and green copper effect; the cost of these finishes is available upon request.
