

U B A R I

Small tables with a strong presence and ethnic feel. They have a steel rod structure D6mm and a steel top. The rods, welded to each other, and the hand-brushed top, make each product unique and comparable to a small sculpture. Also available separately.

FINISHES:

Lacquered Opaque epoxy (this makes it possible to use them even outside)

- standard colours RAL 9003 RAL 9005 RAL 7001

- with a surcharge for any RAL colour on the colour chart

Metal Effects

- transparent painted steel structure; hand-brushed top, with a rounded form and clear varnish

- transparent painted steel structure; top finish in bronze, natural copper and green copper effect, as in the photo.

The cost of these finishes is on request.
